

# Commercial RO System

-Widely Used for Factory, Restaurants and Hotels

The Commercial RO System designs with 20" filter housing and high quality pre-filter is an ideal water purifying system for coffee shop, beverage shop, offices, laboratories and aquariums.

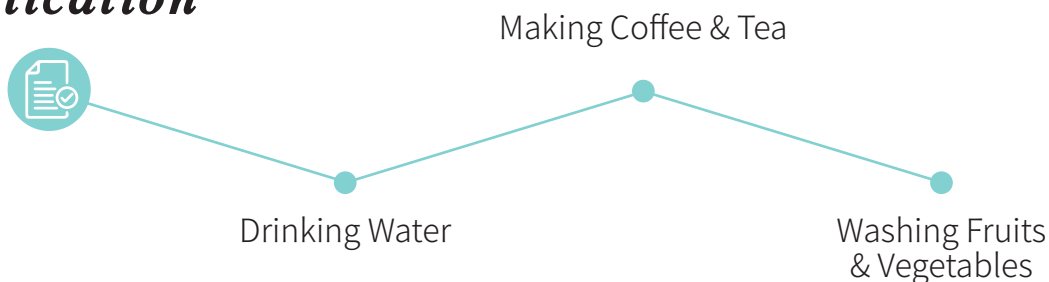

## Features

- ▶ High efficiency high capacity.
- ▶ International Quality Standard.
- ▶ NSF certified filter media.
- ▶ NSF certified RO tube.
- ▶ Food grade filter housing.
- ▶ Replaced of bottle water, reduced carbon footprint.

## Benefits

- ▶ Commercial Model, ideal for beverage shop, restaurants, factory.
- ▶ Big output capacity, compact size.
- ▶ Purify up to 99% water contaminants, remove lead, mercury and copper, harmful toxic heavy metals from drinking water.
- ▶ Remove chlorine, dirt, rust, mud, bacteria and organic chemicals, heavy metals and other impurities and provide great taste of drinking water.
- ▶ Cost-efficiency comparing to buying bottled drinking water.
- ▶ Enjoy fresh and pure potable water, help to improve body and blood circulation.

## Application

## 20 inches Commercial RO System

Model No	TARO-200	TARO-300	TARO-400	TARO-500
Output Capacity	200 gallon per day	300 gallon per day	400 gallon per day	500 gallon per day
Voltage	110V or 220V (upon request)			
Feed Water TDS (Max.)	500 ppm			
1 <sup>st</sup> Stage Filter	20" Pre-filter 5 micron PP Sediment Filter			
2 <sup>nd</sup> Stage Filter	20" UDF (GAC) Granular Activated Carbon Filter			
3 <sup>rd</sup> Stage Filter	20" CTO Carbon Block Filter			
4 <sup>th</sup> Stage Filter	100 GPD RO membrane			
5 <sup>th</sup> Stage Filter	100 GPD RO membrane			
6 <sup>th</sup> Stage Filter	In-line Post Carbon Filter	100 GPD RO membrane		
7 <sup>th</sup> Stage Filter	—	In-line Post Carbon Filter	100 GPD RO membrane	
8 <sup>th</sup> Stage Filter	—	—	In-line Post Carbon Filter	100 GPD RO membrane
9 <sup>th</sup> Stage Filter	—	—	—	In-line Post Carbon Filter
Faucet Type	Upon request			
Tank Type	Upon request			
Parts and Accessories	With RO Pump & Transformer			
Country of Origin (CO)	TAIWAN
