

# Gravity Water Filtration

- Eco-Friendly Design, Portable & Washable Membrane

## / Features /

- ▶ Cost-effective.
- ▶ High Flow Volume.
- ▶ No wastewater.
- ▶ High Filtration Performance.
- ▶ Washable and Easy maintenance by residents.

### SUS304 Gravity Water Filtration System

NH-12 / NH-20 / NV-30

## ▪ Specification

Model No	NH-12	NH-20	NV-30
Product Name	Stainless Steel Gravity Water Filtration System		
Application	Washing, cooking, daily use		
Filter level	1 stage		
1 <sup>st</sup> Stage Filter	Gravity Water Filtration Membrane		
Membrane Size	112mm *68 pc	112mm *125 pc	185mm *115 pc
Flow Rate	1.2 L/M	2.0 L/M	3.0 L/M
Output Capacity	720L/Per Day (@10 hour)	1.2T/Per Day (@10 hour)	1.8T/Per Day (@10 hour)
Maximum Pressure	100 psi		
Maximum Temperature	100 °F		
Parts and Accessories	12 inches stainless steel filter housing	20 inches stainless steel filter housing	30 inches stainless steel filter housing
Country of Origin (CO)	TAIWAN
