

Quick Change Water Filters

-Nano Filters Have Tested and Approval by SGS certification

Specification

Model No	GT-H2
Product Name	Quick Change Hydrogen-rich Filters
Product Type	Multi-functional Water Filter
Application	H2 Hydrogen-rich Drinking Water
Filter Type	Quick Change & Disposable
Maximum Pressure	100 psi
Maximum Temperature	100 °F
Packing Details	25pcs in one box
Country of Origin (CO)	TAIWAN

Quick Change Hydrogen-rich Filters

GT-H2

Quick Change Anti-Bacterial PP Water Filters

GT-NPP

Quick Change Bamboo Carbon Water Filters

GT-NT33

Quick Change NANO-ACT CTO Water Filters

GT-ACT

Model No	GT-NPP	GT-NT33	GT-ACT
Product Name	Quick Change Anti-bacterial PP Water Filters	Quick Change Activated Carbon Water Filters	Quick Change NANO-ACT CTO Water Filters
Product Type	Anti-bacterial PP 5 Micron Sediment Filter	Bamboo Granular Activated Carbon Filter	Nano Technology Anti-bacterial NANO-ACT KX CTO Filter
Application	pre-filtration sediment filter, remove particles and dirt	pre-filtration filter, remove chlorine, pesticides, bad odor and smell	drinking water purification, remove bacteria, chlorine and heavy metals
Filter Type	Disposable replacement filter cartridge		
Maximum Pressure	100 psi		
Maximum Temperature	100 °F		
Packing Details	25pcs in one box		
Country of Origin (CO)	TAIWAN
