

Under Counter Water Dispenser

-Stainless Steel Boiling Water Faucet

Simple and Convenient, Durable

■ Specification

| Model No | FU-908 | UB-4L |
|------------------------|---|---|
| Product Name | Stainless Steel Mechanical Faucet Ambient and Boiling Water Tap | Under Counter Boiling Water Dispenser |
| Faucet Material | High Quality Stainless Steel 316L | — |
| Tank Material | — | High Quality Stainless Steel 316L |
| Application | Mechanical Tap for ambient and hot drinking water | Boiling hot water for drinking, cooking and make tea and coffee |
| Voltage | — | 110V; 220~240V |
| Watt | — | 750 watt (1500watt upon request) |
| Advantage 1 | Lead Free Stainless Steel Material | — |
| Advantage 2 | Modern Mechanical Tap | — |
| Advantage 3 | Anti-scald safety lock | — |
| Width | 155 mm | 220 mm |
| Length | — | 220 mm |
| Height | 290 mm | 350 mm |
| Remark | Use for potable water only | |
| Country of Origin (CO) | TAIWAN | |
