

# Under Counter Water Dispenser

-Stainless Steel Water Faucet

## Cool & Chilled

### / Features /

- ▶ Stainless Steel water tap.
- ▶ Stainless steel 304 frame and casing.
- ▶ High quality stainless steel 304 cold water tank.
- ▶ High quality compressor R-134a refrigerant.
- ▶ Energy saving timer setting, environmental-friendly.

### ▪ Specification

Model No	FU-907	UC-2L
Product Name	Stainless Steel Mechanical Faucet Chilled and Ambient Water Tap	Under Counter Chilled Water Dispenser
Material	High Quality Stainless Steel 316L	High Quality Stainless Steel 304
Tank Material	—	Stainless Steel 304
Case Material	—	Stainless Steel 304
Application	Mechanical Tap for cold and ambient drinking water	Chilled water for drinking
Voltage	—	110V; 220~240V
Watt	—	160 watt
Faucet Type	Modernn Mechanical Tap	Mechanical tap or touch panel tap
Inlet / outlet	—	1/4"
Parts and Accessories	—	With Installation Kits
Width	155 mm	220 mm
Length	—	220 mm
Height	290 mm	350 mm
Country of Origin (CO)	TAIWAN
